

## STEPS

(1) Hardware

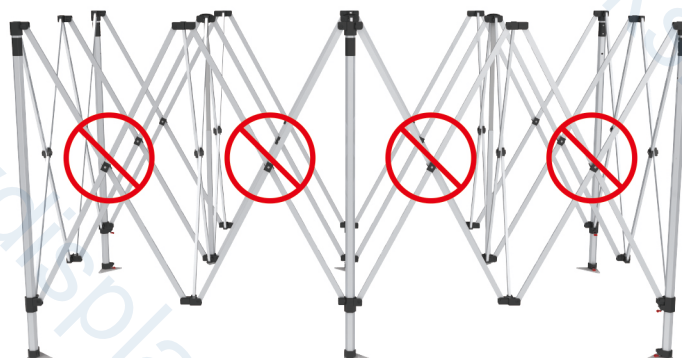

(2) Printed Graphic Fabric Banner (Optional)

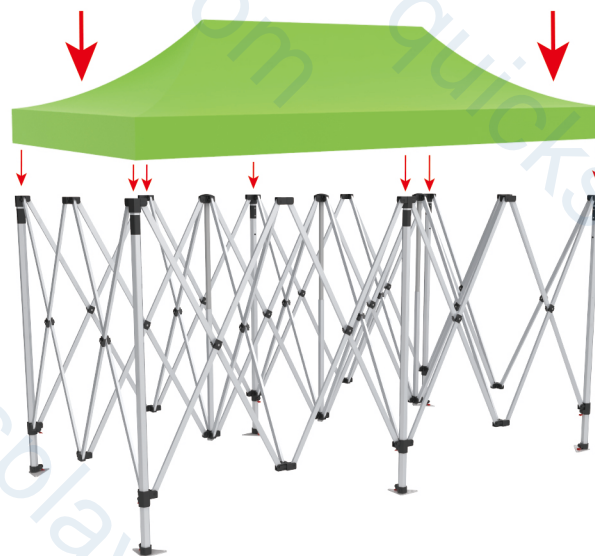

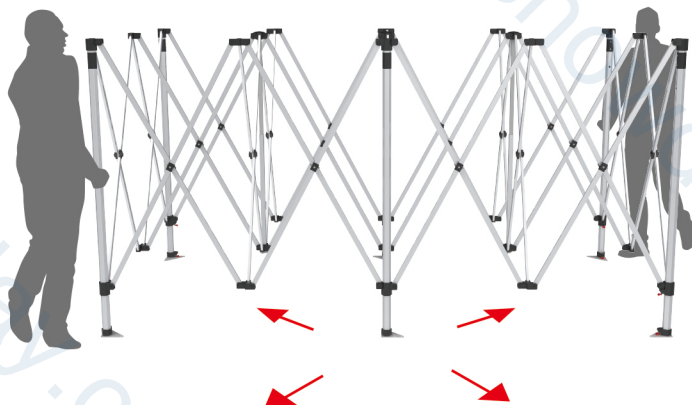

## STEP 01

① Hold pop up frame in standing position.

Watch out pop up frame's scissor sections in case of getting pinched.

② Two people stand across from each other, hold pop up frame's "V" section, step back & lift up to expand it to roughly half overall width.

③ Unpack canopy top fabric banner & place it on top of pop up frame, align their corners together with velcro.

## STEPS

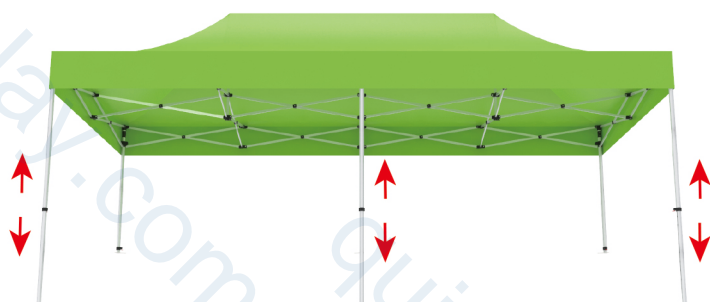

## STEP 02

Two people stand across from each other, hold pop up frame's leg, step back & lift up to expand it to overall width.

## STEP 03

Two people adjacently step on triangular foot & telescope up leg until they lock into lowest holes.

## STEP 04

Repeat action on other two legs. There are 4 height options to choose from. Press down red button on leg joint & pull up leg until it locks into desired height's hole.

**Disassembly:** Reverse assembly instructions. Press down red button on leg joint & auto-slider to unlock pop up frame to fold up.
